

Translation & Localization in... **MEDICAL DEVICES**

Success Stories

“Since we started work with GlobalVision seven years ago, we haven't had to nurse our projects along. This is a big bonus for us!

Based on our experience, we can highly recommend GlobalVision to handle translations of medical device user documentation into both European & Asian languages.”

“We are very impressed with GlobalVision's

professional approach to localization. Our product-update localization efforts and costs have gone down by as much as 30%.”

“GlobalVision has been a great fit for our translation needs. We deliver

a technically complex, high-value product, and we need translation quality that reflects that value. GlobalVision knows how to find and retain excellent translators, and they especially know the importance of getting and keeping great project managers.”

GlobalVision International, Inc. is a private company, founded in 1996 as a full translation and localization solution provider to industries involved in Software, IT, Medical and Media.
