

Translation & Localization in... **SOFTWARE**

Success Stories

 “Partnering with GlobalVision enabled us to release SolidWorks 2009 in thirteen languages simultaneously. The response from customers: Outstanding!”

 “The translation experts at GlobalVision make all the difference when it comes to localizing our product. We are very pleased to have such a high-quality translation service partner.”

 “We work with many vendors, so we have the ability to compare GlobalVision to others and nobody even come close to high standards held by GlobalVision.”

 “We solely use GlobalVision for all our translation needs, software, marketing materials and product specs. The delivery was always on time (many times ahead of time), the quality of translation is good (we are checked by our worldwide licensees) and the efficiency remarkable, and, not insignificant, always on budget.”

Why Choose GlobalVision?

To put it simply, Experience! We are managers, engineers and linguists, who have been very successful in performing software localization for over a decade. We can separate the art (language) from the science (software) and then fuse them together seamlessly and efficiently allowing experts to work in their own fields.

Our quality and customer service are second to none in the industry, and we have the data to prove it!
